Quality Assessment Scheme for Salivary Steroids

This field must be filled in!

Name	Petra Okoren
Institute	Medicare Plus d.o.o.
Lab code	3033
Date	20/10/2016

Distribution: 2016-2

Samples sent on: 2016.10.11

Results expected by: 2016.11.18

Attention: The liquid samples have to be stored at 2-8°C until analysis.

Analyte	Unit	Method	Producer	Sample 1	Sample 2	Sample 3
				Result	Result	Result
Cortisol	nmol/L	ELISA	IB-IBL	3.69	3.76	27.38
Progesterone	pmol/L	ELISA	IB-IBL	174.21	104.54	1177.59
Testosterone	pmol/L	ELISA	IB-IBL	77.56	187.70	505.93
17β-Estradiol	pmol/L	ELISA	IB-IBL	7.40	4.53	4.07
DHEA	pmol/L	ELISA	IB-IBL	1433.45	380.66	512.64

The above stated results have been found in our laboratory.

The samples are of human origin; therefore they should be treated as potential biohazards in use and for disposal.

You have the possibility to return your results on a PDF sheet, which is available on our website <http://www.ibl-international.com>
